

Modification of Teton Health District Health Order #20-5

I, Travis Riddell MD, the Teton Health District Officer, hereby modifies Teton Health District Order #20-5 to change the expiration date to 12:01 a.m. on May 11, 2020. The original Teton District Health Order #20-5 stated that the order was effective ***“through May 11, 2020.”*** This modification clarifies that the gyms and personal services may reopen on Monday, May 11, 2020. I have verified with the State Health Officer to allow this modification.

A handwritten signature in blue ink, appearing to read "TR", is written over a horizontal line.

Travis Riddell, MD

Teton District Health Officer
